An act to add Chapter 5 (commencing with Section 8010) to Part 2 of Division 7 of the Health and Safety Code, relating to human remains.

LEGISLATIVE COUNSEL'S DIGEST

AB 978, as amended, Steinberg. Native American graves protection and repatriation.

Existing law contains provisions regarding the regulation of human remains disposal and burials.

This bill, the California Native American Graves Protection and Repatriation Act of 2001, would require all state agencies and museums

that receive state funding and that have possession or control over collections of human remains or cultural items, as defined, to complete an inventory ~~or~~ and summary of these remains and items on or before January 1, 2003, with certain exceptions, would provide a process for the identification and repatriation of these items to the appropriate tribes, and would authorize the imposition of civil penalties for failure to comply with the requirements of this bill. The bill would also establish the Repatriation Oversight Commission, composed of 9 10 members, with specified duties relating to the repatriation process.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Chapter 5 (commencing with Section 8010) is
2 added to Part 2 of Division 7 of the Health and Safety Code, to
3 read:

4
5 CHAPTER 5. CALIFORNIA NATIVE AMERICAN GRAVES
6 PROTECTION AND REPATRIATION

7
8 Article 1. General Provisions
9

10 8010. This chapter shall be known, and may be cited as the
11 California Native American Graves Protection and Repatriation
12 Act of 2001.

13 8011. It is the intent of the Legislature to do all of the
14 following:

15 (a) Provide a seamless and consistent state policy to ensure that
16 all California Indian human remains and cultural items be treated
17 with dignity and respect.

18 (b) Apply the state's repatriation policy consistently with the
19 provisions of the Native American Graves Protection and
20 Repatriation Act (25 U.S.C. Sec. 3001 et seq.), which was enacted
21 in 1990.

22 (c) Facilitate the implementation of the provisions of the
23 federal Native American Graves Protection and Repatriation Act
24 with respect to publicly funded agencies and museums in
25 California.

(d) Encourage voluntary disclosure and return of remains and cultural items by an agency or museum.

(e) Provide a mechanism whereby lineal descendants and culturally affiliated California Indian tribes that file repatriation claims for human remains and cultural items under the Native American Graves Protection and Repatriation Act (25 U.S.C. Sec. 3001 et seq.) or under this chapter with California state agencies and museums may request assistance from the commission in ensuring that state agencies and museums are responding to those claims in a timely manner and in facilitating the resolution of disputes regarding those claims.

(f) Provide a mechanism whereby California tribes that are not federally recognized may file claims with agencies and museums for repatriation of human remains and cultural items.

Article 2. State Cultural Affiliation and Repatriation

8012. As used in this chapter, terms shall have the same meaning as in the federal Native American Graves Protection and Repatriation Act (25 U.S.C. Sec. 3001; et seq.), as interpreted by federal regulations, except that the following terms shall have the following meaning:

(a) “Agency” means any division, department, bureau, commission, board, council, city, county, city and county, district, or other political subdivision of the state, but does not include any school district.

(b) “Burial site” means, except for cemeteries and graveyards protected under existing state law, any natural or prepared physical location, whether originally below, on, or above the surface of the earth, into which human remains were intentionally deposited as a part of the death rites or ceremonies of a culture.

(c) “Commission” means the Repatriation Oversight Commission established pursuant to Article 3 (commencing with Section 8025).

(d) “Cultural items” shall have the same meaning as defined by Section 3001 of Title 25 of the United States Code, except that it shall mean only those items that originated in California.

(e) “Control” means having ownership of human remains and cultural items sufficient to lawfully permit a museum or agency to treat the object as part of its collection for purposes of this chapter,

1 whether or not the human remains and cultural items are in the
2 physical custody of the museum or agency. Items on loan to a
3 museum or agency from another person, museum, or agency shall
4 be deemed to be in the control of the lender, and not the borrowing
5 museum or agency.

6 (f) “State cultural affiliation” means that there is a relationship
7 of shared group identity that can reasonably be traced historically
8 or prehistorically between members of a present-day California
9 Indian Tribe, as defined in subdivision (i), and an identifiable
10 earlier tribe or group. Cultural affiliation is established when the
11 preponderance of the evidence, based on geography, kinship,
12 biology, archaeology, linguistics, folklore, oral tradition,
13 historical evidence, or other information or expert opinion,
14 reasonably leads to such a conclusion.

15 (g) “Inventory” means an itemized list that summarizes the
16 collection of human remains and associated funerary objects in the
17 possession or control of an agency or museum. This itemized list
18 may be the inventory list required under the federal Native
19 American Graves Protection and Repatriation Act (25 U.S.C. Sec.
20 3001 et seq.).

21 (h) “Summary” means a document that summarizes the
22 collection of unassociated funerary objects, sacred objects, or
23 objects of cultural patrimony in the possession or control of an
24 agency or museum. This document may be the summary prepared
25 under the federal Native American Graves Protection and
26 Repatriation Act (25 U.S.C. Sec. 3001 et seq.).

27 (i) “Museum” means an entity, including a higher educational
28 institution, excluding school districts, that receives state funds.

29 (j) “California Indian tribe” means any tribe located in
30 California to which any of the following applies:

31 (1) It meets the definition of Indian tribe under the federal
32 Native American Graves Protection and Repatriation Act (25
33 U.S.C. Sec. 3001 et seq.).

34 (2) It is not recognized by the federal government, but is
35 indigenous to the territory that is now known as the State of
36 California, and both of the following apply:

37 (A) It is listed in the Bureau of Indian Affairs Branch of
38 Acknowledgement and Research petitioner list pursuant to
39 Section 82.1 of Title 25 of the Federal Code of Regulations.

(B) It is determined by the commission to be a tribe that is eligible to participate in the repatriation process set forth in this chapter. The commission shall publish a document that lists the California tribes meeting these criteria, as well as authorized representatives to act on behalf of the tribe in the consultations required under paragraph (4) of subdivision (a) of Section 8013 and in matters pertaining to repatriation under this chapter. Criteria that shall guide the commission in making the determination of eligibility shall include, but not be limited to, the following:

(i) A continuous identity as an autonomous and separate tribal government.

(ii) Holding itself out as a tribe.

(iii) The tribe as a whole has demonstrated aboriginal ties to the territory now known as the State of California and its members can demonstrate lineal descent from the identifiable earlier groups that inhabited a particular tribal territory.

(iv) Recognition by the Indian community and non-Indian entities as a tribe.

(v) Demonstrated membership criteria.

(k) “Possession” means having physical custody of human remains and cultural items with a sufficient legal interest to lawfully treat the human remains and cultural items as part of a collection. The term does not include human remains and cultural items on loan to an agency or museum.

(l) “Preponderance of the evidence” means that the party’s evidence on a fact indicates that it is more likely than not that the fact is true.

8013. (a) Any agency or museum that has possession or control over collections of California Native American human remains and associated funerary objects shall complete an inventory of all these remains and associated funerary objects and, to the extent possible based on all information possessed by the agency or museum, do all of the following:

(1) Identify the geographical location, state cultural affiliation, and the circumstances surrounding their acquisition.

(2) List in the inventory the human remains and ~~cultural items~~ *associated funerary objects* that are clearly identifiable as to state cultural affiliation with California Indian tribes. These items shall be listed first in order to expedite the repatriation of these items.

1 (3) List the human remains and ~~cultural items~~ *associated*
2 *funerary objects* that are not clearly identifiable by cultural
3 affiliation but that, given the totality of circumstances surrounding
4 their acquisition and characteristics are determined by a
5 reasonable belief to be human remains and ~~cultural items~~
6 *associated funerary objects* with a state cultural affiliation with
7 one or more California Indian tribes. Consult with California
8 Indian tribes believed by the agency or museum to be affiliated
9 with the items, during the compilation of the inventory as part of
10 the determination of affiliation. If the agency or museum cannot
11 determine which California Indian tribes are believed to be
12 affiliated with the items, then tribes that may be affiliated with the
13 items shall be consulted during the compilation of the inventory.

14 (b) Any agency or museum that has possession or control over
15 collections of California Indian unassociated funerary objects,
16 sacred objects, or objects of cultural patrimony shall provide a
17 written summary of the objects based upon available information
18 held by the agency or museum. The summary shall describe the
19 scope of the collection, kinds of objects included, reference to
20 geographical location, means and period of acquisition, and state
21 cultural affiliation, where readily ascertainable. The summary
22 shall be in lieu of an object-by-object inventory. Each agency or
23 museum, following preparation of a summary pursuant to this
24 subdivision, shall consult with California Indian tribes and tribally
25 authorized government officials and traditional religious leaders.

26 (c) Each agency or museum shall complete the inventories and
27 summaries required by subdivisions (a) and (b) by January 1,
28 2003, or within one year of the date on which the commission
29 issues the list of California Indian tribes provided for under
30 paragraph (2) of subdivision (i) of Section 8012, whichever is
31 later. *To the extent that this section requires the inventory and*
32 *summary to include items not required to be included in the*
33 *inventory and summary under the federal Native American Graves*
34 *Protection and Repatriation Act (25 U.S.C. Sec. 3001 et seq.), the*
35 *agency or museum shall supplement its inventory and summary*
36 *under this section to include those additional items.*

37 (d) Upon request of a California Indian tribe, a museum or
38 agency shall supply additional available documentation to
39 supplement the information required by subdivisions (a) and (b).
40 For purposes of this paragraph, “documentation” means a

summary of existing museum or agency records, including inventories or catalogs, relevant studies, or other pertinent data for the limited purpose of determining the geographical origin, cultural affiliation, and basic facts surrounding the acquisition and accession of California Native American human remains and cultural items subject to this section. This section shall not be construed to authorize the completion or initiation of any scientific study of human remains or cultural items.

(e) Within 90 days of completing the inventory and summary specified in subdivisions (a) and (b), the agency or museum shall provide a copy of the inventory and summary to the commission. The commission shall, in turn, publish notices of completion of summaries and inventories on its Web site for 30 days, and make the inventory and summary available to any requesting tribe or state affiliated tribe.

(f) The inventory and summary specified in subdivisions (a) and (b) shall be completed by all agencies and museums that have possession or control of Native American human remains or cultural items, regardless of whether the agency or museum is also subject to the requirements of the federal Native American Graves Protection and Repatriation Act (25 U.S.C. Sec. 3001 et seq.). Any inventory or summary, or any portion of an inventory or summary, that has been created to meet the requirements of the Native American Graves Protection and Repatriation Act (25 U.S.C. Sec. 3001 et seq.) may be used to meet the requirements of this chapter, if appropriate.

(g) Any agency or museum that has completed inventories and summaries on or before January 1, 2002, as required by the federal Native American Graves Protection and Repatriation Act (25 U.S.C. Sec. 3001 et seq.) shall be deemed to be in compliance with this section provided that the agency or museum does both of the following:

(1) Provide a copy of the inventories and summaries to the commission by July 1, 2002, or within 30 days of the date on which the commission is formed, whichever is later.

(2) Prepare supplementary inventories and summaries as necessary to comply with subdivisions (a) and (b) for those portions of their collections that originate from California and that have not been determined to be culturally affiliated with federally recognized tribes which, in the case of inventories, are those

1 portions of the collections of an agency or museum that have been
2 identified on their inventories under the federal Native American
3 Graves Protection and Repatriation Act (25 U.S.C. Sec. 3001 et
4 seq.) as “culturally ~~unidentifiable~~”, *unidentifiable*,” by January 1,
5 2003, or within one year of the date on which the commission
6 issues the list of California Indian tribes provided for under
7 paragraph (2) of subdivision (j) of Section 8012, whichever is
8 later.

9 (h) If the agency or museum determines that it does not have in
10 its possession or control any human remains or cultural items, the
11 agency or museum shall, in lieu of an inventory or summary, state
12 that finding in a letter to the commission *at the commission’s*
13 *request*.

14 (i) Following completion of the initial inventories and
15 summaries specified in subdivisions (a) and (b), each agency or
16 museum shall update its inventories and summaries whenever the
17 agency or museum receives possession or control of human
18 remains or cultural items that were not included in the initial
19 inventories and summaries. Upon completion, the agency or
20 museum shall provide a copy of its updated inventories and
21 summaries to the commission. Nothing in this section shall be
22 construed to mean that a museum or agency may delay repatriation
23 of items in the initial inventory until the updating of all inventories
24 and summaries is completed.

25 8014. A tribe claiming state cultural affiliation and requesting
26 the return of human remains and cultural items listed in the
27 inventory or summary of an agency or museum or that requests the
28 return of human remains and cultural items that are not listed in the
29 inventory but are believed to be in the possession or control of the
30 agency or museum in the state shall do both of the following:

31 (a) File a written request for the human remains and cultural
32 items with the commission and the agency or museum believed to
33 have possession or control.

34 (b) Provide evidence that would establish that items claimed
35 are cultural items and are culturally affiliated with the California
36 Indian tribe making the claim. Evidence of cultural affiliation need
37 not be provided in cases where cultural affiliation is reasonably
38 established by the inventory or summary.

39 8015. (a) Upon receiving a written request for repatriation of
40 an item on the inventory, the commission shall forward a copy of

1 the request to the agency or museum in possession of the item, if
 2 the criteria specified in subdivision (b) of Section 8016 have been
 3 met, and if that party has not already received the request. At this
 4 time, the commission shall also publish a notice of intent to
 5 repatriate met. At this time, the commission shall also publish the
 6 request for repatriation on its Web site for 30 days. If there are no
 7 other requests for a particular item and there is not unresolved
 8 objection pursuant to subdivision (c) of Section 8016 within 90
 9 days of the date of distribution and publication of the inventory or
 10 summary and completion of any federal Native American Graves
 11 Protection and Repatriation Act (25 U.S.C. Sec. 3001 et seq.)
 12 repatriation process related to the item, the agency or museum in
 13 possession of the item shall repatriate the requested item to the
 14 requesting party. This repatriation shall occur within 30 days after
 15 the last day of the 90-day period, or on a date agreed upon by all
 16 parties.

17 (b) Nothing in this section shall be construed to prohibit any
 18 requesting party, a tribe, an agency, or a museum from
 19 coordinating directly with each other on repatriation, or to prohibit
 20 the repatriation at any time of any undisputed items to the
 21 requesting party prior to completion of any requirements set forth
 22 in this chapter. The commission shall receive, for their records,
 23 copies of all repatriation agreements and shall have the power to
 24 enforce these agreements.

25 8016. (a) If there is more than one request for repatriation for
 26 the same item, or there is a dispute between the requesting party
 27 and the agency or museum, or if a dispute arises in relation to the
 28 repatriation process, the commission shall notify the affected
 29 parties of this fact and the cultural affiliation of the item in question
 30 shall be determined in accordance with this section.

31 (b) Any agency or museum receiving a repatriation request
 32 pursuant to subdivision (a) shall repatriate human remains and
 33 cultural items if all of the following criteria have been met:

34 (1) The requested human remains or cultural items meet the
 35 definitions of human remains or cultural items that are subject to
 36 inventory requirements under subdivision (a) of Section 8013.

37 (2) The state cultural affiliation of the human remains or
 38 cultural items is established as required under subdivision (f) of
 39 Section 8012.

1 (3) The agency or museum is unable to present evidence that,
2 if standing alone before the introduction of evidence to the
3 contrary, would support a finding that the agency or museum has
4 a right of possession to the requested cultural items.

5 (4) None of the exemptions listed in Section 10.10(c) of ~~the~~
6 Title 43 of the Federal Code of Regulations apply.

7 (5) All other applicable requirements of regulations adopted
8 under the federal Native American Graves Protection and
9 Repatriation Act (25 U.S.C. Sec. 3001 et seq.), contained in Part
10 10 of Title 43 of the Code of Federal Regulations, have been met.

11 (c) Within 30 days after notice has been provided by the
12 commission, the museum or agency shall have the right to file with
13 the commission any objection to the requested repatriation, based
14 on its good faith belief that the requested human remains or
15 cultural ~~item~~ *is items are* not culturally affiliated with the
16 requesting California tribe or ~~is~~ *are* not subject to repatriation
17 under this chapter.

18 (d) The disputing parties shall submit documentation
19 describing the nature of the dispute, in accordance with standard
20 mediation practices and the commission's procedures, to the
21 commission, which shall, in turn, forward the documentation to
22 the opposing party or parties. The disputing parties shall meet
23 within 30 days of the date of the mailing of the documentation with
24 the goal of settling the dispute.

25 (e) If, after meeting pursuant to subdivision (b), the parties are
26 unable to settle the dispute, the commission, or a certified mediator
27 designated by the commission in accordance with subdivision (b)
28 of Section 8026, shall mediate the dispute.

29 (f) Each disputing party shall submit complaints and
30 supporting evidence to the commission or designated mediator
31 and the other opposing parties detailing their positions on the
32 disputed issues in accordance with standard mediation practices
33 and the commission's mediation procedures. Each party shall have
34 20 days from the date the complaint and supporting evidence were
35 mailed to respond to the complaints. All responses shall be
36 submitted to the opposing party or parties and the commission or
37 designated mediator.

38 (g) The commission or designated mediator shall review all
39 complaints, responses, and supporting evidence submitted. Within
40 20 days after the date of submission of responses, the commission

1 or designated mediator shall hold a mediation session and render
2 a decision within seven days of the date of the mediation session.

3 (h) When the disposition of any items are disputed, the party in
4 possession of the items shall retain possession until the mediation
5 process is completed. No transfer of items shall occur until the
6 dispute is resolved.

7 (i) Tribal oral histories, documentations, and testimonies shall
8 not be afforded less evidentiary weight than other relevant
9 categories of evidence on account of being in those categories.

10 (j) If the parties are unable to resolve a dispute through
11 mediation, the dispute shall be resolved by the commission. The
12 determination of the commission shall be deemed to constitute a
13 final administrative remedy. Any party to the dispute seeking a
14 review of the determination of the commission is entitled to file an
15 action in the superior court seeking an independent judgement on
16 the record as to whether the commission's decision is supported by
17 a preponderance of the evidence. The independent review shall not
18 constitute a de novo review of a decision by the commission, but
19 shall be limited to a review of the evidence on the record. Petitions
20 for review shall be filed with the court not later than 30 days after
21 the final decision of the commission.

22 8017. If there is a committee or group of tribes authorized by
23 their respective tribal governments to accept repatriation of items
24 originating from their region and culturally affiliated with those
25 tribal governments, then the items may be repatriated to those
26 groups.

27 8018. An agency or museum that repatriates human remains
28 and cultural items in good faith pursuant to this chapter is not liable
29 for claims by an aggrieved party or for claims of breach of a
30 fiduciary duty or the public trust or of violation of state law that
31 are inconsistent with this chapter. No action shall be brought on
32 behalf of the state or any other entity or person for damages or for
33 injunctive relief for a claim of improper disposition of human
34 remains or cultural items if the agency or museum has complied
35 with the provisions of this chapter.

36 8019. Nothing in this section shall be construed to prohibit the
37 governing body of a California Indian tribe or group authorized by
38 Section 8017 from expressly relinquishing control over any
39 human remains or control or title to any cultural item.

1 8020. Notwithstanding any other provision of law, and upon
2 the request of any party or an intervenor, the commission or
3 designated mediator may close part of a mediation session to the
4 public if the commission or designated mediator finds that
5 information required at the mediation session may include
6 identification of the specific location of a burial site, human
7 remains and cultural items or that information necessary for a
8 determination regarding repatriation may compromise or interfere
9 with any religious practice or custom.

10 8021. The filing of an appeal by either party automatically
11 stays an order of the commission or a designated mediator on
12 repatriation of human remains and cultural items.

13

Article 4. Penalties and Enforcement Procedures

8029. (a) Any agency or museum that fails to comply with the requirements of this chapter may be assessed a civil penalty by

1 the commission, not to exceed twenty thousand dollars (\$20,000)
2 for each violation, pursuant to regulations adopted by the
3 commission. A penalty assessed under this section shall be
4 determined on the record after the opportunity for a hearing.

5 (b) In assessing a penalty under this section, the commission
6 shall consider the following factors, in addition to any other
7 relevant factors, in determining the amount of the penalty:

8 (1) The archaeological, historical, or commercial value of the
9 item involved.

10 (2) The cultural and spiritual significance of the item involved.

11 (3) The damages suffered, both economic and noneconomic,
12 by the aggrieved party.

13 (4) The number of violations that have occurred.

14 (c) If any agency or museum fails to pay a civil penalty
15 pursuant to a final order issued by the commission and the time for
